INTRO

Where are you now, I dream of you each night and day,

I keep hop---ing, you'll be back with me to stay,

Where are you now, in my dreams I seek your love,

My thoughts go drifting by----- while the moon shines a-bove---

I'm lost like foamy clouds that keep floating over----- me,

Where are you now? are you in some one els-- es arms?---

Loving as we once lov--ed, un-- der stars in the sky---

Where are you now, come back in- to my dream a- gain.
